ITEM T80/022

SUBJECT: COOLING SYSTEM FILLER PLUG - NEW PART NUMBER

MODELS: TR7

In the event it becomes necessary to replace the cooling system filler plug in the thermostat housing or radiator, a new single part number plug JRT 601048 is to be used. Part number JRT 601048 supersedes part numbers ARA 2404, ARA 2634 and ERC 379.

Model application is as follows:

<u>Model</u>	<u>Plug</u>	<u>Gasket</u>
TR7	JRT 601048 use -----	90-607025
MGB	JRT 601048 use -----	URP 1208
ROVER	JRT 601048 use -----	URP 1208

Note: Current production TR8 does not use a filler plug, however, a limited number of earlier 1978 vehicles were sold which use the same plug/gasket combination as TR7.
